Bennington, Dev 10.—The jury in the case of Murray vs Mattison, brought for damages, caused by being elected from a house in which she resided in Shaftsbury, that has been on trial just a week, was moved this afternoon, the jury bringing in a verilet for the plaintiff. The case has been a famous one in Bennington county being the only one ever tried by a jury four times. Twice the jury disagreed and once gave a vertice for the plaintiff, which was reversed by the Subiaintiff, which was reversed by the Sa-preme Court and a new trial ordered. The charge of Judge Munsor was very The condemned man refused all spiri-tual advice during his stay in Juli and spent most of his time revilling and curs-ing his heather and of his time revilling and curs-ing his heather and others without and curs-ing his heather and others. ments are said to have been among the best ever heard in the cour soom and were listened to with slove attention by

CANNOT FIND RELATIVES.

Had a Scheme For Escape at the Last Moment Cranks Thick.

Minneapolis, Minn. Dec. in The arterion and evening preceding the execution of tharty Hayward, the monderer of table Ging, were alled with exciting observed made themselves known freely Suscritional to themselves known freely Suscritional to Polles Smith received and other communication to-slay. The chief mar received many of these letters in excit case they have been agried by such mans as The real introduct.

The letter received was not class for the real to the received many of these letters in a critical process of the case of The real introduct. The real introduct was all real serious states to despair and I swotch would get even with her. If you find out who I am all right, but free that innocent man.

Another cranks showed up at the sheriff of the late in the afternoon and emission exciting scenes. A well directed was not ready upon the terms that plaintiff shall pay all costs of court and witness fees and \$25, falling to do, which before adjournment the case shall as discontinued. Only one jury trial and one could be a present was not ready upon the terms that plaintiff shall pay all costs of court and witness fees and \$25, falling to do, which before adjournment the case shall as discontinued. Only one jury trial and all could appearance, about 75 years.

TWENTY-TWO TRUE BILLS.

who I am an right, backed ap at the sheriff's office late in the afterneon and caused at exciting scene. A well dressed woman of refined appearance, about 25 years of age, entered the office and denounced the afterneon and benefits as which are in the afterneon and denounced the afterneon and benefits as which are in the afterneon and denounced the afterneon and benefits as which are in the afterneon and denounced the afterneon and benefits as which a patrol waren was called and the extreme and a say, raining to do, which is also only one jury that and incoming a described and in the case shall be discontinued. Only one jury that and incoming a cases this term.

TWENTY-TWO TRUE BILLS.

Woodstock, Vt., Dec. 8.—The grand jury of the Windsor County Court completed their work yesterday, reporting 2 true bills and nine not found. None of the bills were made public. The term opened Trues any Judge Rowell presiding with William Items and C. R. Maxham side judges. The first case tried was Watkins vs. Rist, the afterneon and causes shall be discontinued. Only one jury that and incoming a large true and incoming a large true and incoming a large true. A patrol wason was called and the excited woman was taken to the lockup, where it was barned that she was a Mrs. It has been tried once in County Court, was faller of St. Paul. The reason assigned for her strange actions is that she became remembed in reading the accounts of the murder and Irial. She imagined that she had a divine commission to save the life of the condemned man.

Within three days past Harry Hayward painted a plot to escape. Sitting in his cell to-day with a shouthant reporter, who was taking his last statement, he recited for the plainting the court. The cases of changler we Hammond is on trial and when adjournment was reached the plaintiff has rested his case. The prospect is that all next week will be taken with civil cases taking his last statement, he recited the average term. the average term.

KILLED IN THE WOODS.

with the scheme I had worked were good.

I will tell you the whole thing. The fast two days I thought the business all over and finally came to the conclusion that I would achieve.

"My plan was this. At just lince minimus past 12 at night I would fall down on a floor of my cell and writhe in anguish. Is if I had subject by taking poison, the guards would immediately ring up octors.

"About two minimus diately ring up to the capture of t

conselling committees and boards of the SAME GENERAL FEATURES

focal fields.

Three associations have been able to secure larger and better employed quarters. It was planned at the Keene convention to touch the similar towns in the two States where no associations could be lest done by deputation work. During the summer is students volunteered tive works of their vacation for work in the smaller towns under the leadership of the State secretary. In this way 25 towns were visited and a week sneat in each CHARACTERIZED THE BUSINESS SIT-

ter part of October was a very successful one, there leing 167 delegates in attendance. As one of a large number of graticities results of the convention the State committee were authorized to use \$550 for increasing the convention of the convent creased work during the coming year. work in the small places. There are a number of towns calling for organizations

In Vermont there are seven associations and but two of them occupy build-ings of their own. In New Hampshire set by a total of \$1,247,99,000 this week, 43 there are eight, only one of which has its per cent more than last week and 7 per the past these months of the association.

The and wan very recogninging. The following summary gives a partial lifes of College association, which has a building the work done by the nessectation for three of its own. Just in this line there is much work for the State committee to do and it is proposed to appoint district committees in different parts of the State. It has been decided by the State committee to establish headquarters with an office secretary at White River Junction.

The support of the State executive com-mittee comes in the must part from indi-vidual denors as well as from the associations Six contributors last year may sime such and seven \$50 each, the rest may

the International committee at New York, in November He said; There were about 166 present at the banquet, many of whom were from ourside of New York. After were from ourside of New York. After the dinner reports were made by the dif-ferent secretaries of the committee and Mr. Henver, the college secretary, made a bright and enthasisetic address. He re-ported see callege associations organized by America and Thought the work was in a flourishing condition. The report of the sections for the radicasi department of the committee's work showed that the entire tailroad system was having this work organized at the different terminal points and division. In the Chempeake and Ohie there are seven organizations, and in the Pennsylvania 17 societies. A good work is being done by the railroads in the West Corporations are now contributing over \$10,000 toward the cut the state when it was discovered that his face was covergent expenses of the railroad toward the cut. entire tailroad system was having this work organized at the different terminal Is caused by differer was a very delightful affait
